

NYN AWSC Report

March 26,2011

Dear NYN Family,

Spring is coming soon. We can get out there and do some Public Information Projects. Remember April is Alcoholism Awareness Month. Just a reminder from the WSO of our 11th Tradition at the level of press , Radio and TV and Films. We usually do not post personal e-mails. Another way a member can maintain anonymity is by only identifying themselves as “ family member in recovery from someone else’s drinking” and then provide information about Al-Anon in the third person tense, “there are support groups such as Al-Anon for anyone affected by someone else’s drinking.”

I have been responding to e- mails from various places and answering them myself or forwarding them to the proper DR’s.

Love in Service

Sherry S.

NYN Public Outreach Coordinator
