

**Report of Ad Hoc Committee
On Alateen Guidelines and Requirements**

Sept 24, 2011

We continue to work on the Alateen Guidelines and Requirements. We are planning a meeting for 12:30 today Saturday Sept 24, 2011 before the Assembly reconvenes at 1:00. We are going to be working individually on different parts and using the computer to send ideas to everyone in the group. The more we can do on the computer the more we can have input from as many people as possible. The more discussion we have, the better the document will eventually be, This form of communication will help us all be clear as to expected behavior and ways to provide a safe environment for everybody. Healing takes more than just empathy. Some of our members will be at NYNAC and we all hope to have a healthy discussion with all in attendance if they so chose. Please participate if you have any thoughts at all relating to these documents. Remember Concept 4: Participation is the key to harmony.
