

Hello New York North,

I am still working on fine-tuning the Newsletter layout. I've made a little adjustment on the logo on the front page to follow the suggested guidelines in our *Service Manual* as to use of the AI-Anon logo, i.e., "without alteration," page 104.

I hope to encourage more news from District Representatives on "District Doings."

So far, the themes for the Newsletter have been: Let It Begin With Me, Progress Not Perfection, Together We Can Make It, Keep An Open Mind, and Open Communication. I find my understanding of the Program expanding as I apply these themes to my present service position. For instance, thinking about open communication reminds me that this is a "WE" program, and our report every month serves not only to inform, but also to keep us all in touch with each other. With that thought...

As always, I welcome your suggestions or comments!

Gwenne R.
