

Immediate Past Delegate: Elaine R.

9-29-12

Since the August AWSC meeting I have continued to write my Northern HiLight articles, I have prepared the packets for the “New” GR meeting this weekend and I have been working on the committee on area voting procedures. I have sent the committee members copies of the WSO Conferences Procedures and the voting procedures for the area. We have looked at these pieces and are in the processes of combining them to fit the area needs. We are working on a statement of what is an informed group conscience. We met this Friday evening to discuss this and we will be working to have a workable statement. Our next step will be to develop information on KBDM to be included in our document. We will continue to work on this via the internet over the next several months with the hope of having the beginnings of a workable document to present at the March 2013 AWSC meeting.
