

Report from the Immediate Past Delegate: Elaine R.

April 6, 2013

Since the Fall Assembly I have partnered with Pat H. the Literature Coordinator in planning and carrying out the program for the district #29 Day of Sharing which included a skit on Al-Anon, the power point on Anonymity and a gallery walk on Sponsorship. We had great participation.

I continue to write my article for the Northern Hi Lights and am enjoying the challenge of the suggested topics.

I was also asked to lead the committee for developing a piece on voting procedures at our assembles and AWSC meetings. Using the internet , we have been able to develop a piece which we will be presenting to the AWSC today for your input. The piece is based on the use of the KBDM process which is an accepted form of procedure to reach an informed group conscience. It also incorporates our rules for the Assembly.

On March 8th I traveled to Mansfield, Mass. With our delegate Ruth S. and our Northeast Regional Trustee, Anne F. to attend our annual NERD gathering where we meet with past and current delegates from the region. The purpose of the meeting is to help prepare our new delegates for their first World Service Conference. We participate in activities that will help these new delegates become more comfortable with what will be expected of them. We also hear a report from the Regional Trustee and events happening at World Service.

It is always a busy weekend, filled with fellowship and a chance to re-connect with those we have met along the way.

Gratefully, Elaine
