

NYN Archives Report
Spring Convention
May 2013

Greetings from your NYN Archivist:

May finds our Archives resting comfortably at Syracuse AIS
They are located in the basement of the building.

Unfortunately, a back injury has prevented me from working in the basement recently.
I expect to have clearance from my doctor by the end of May to resume normal activities.

If you have need of information, please contact me through the information which may
be found in the Northern Hi Lights.
