

WEB COORDINATOR

I am performing the front work for the web since January thanks to a tutorial from John O. The background work is pending instructions from Kathi D, our Technical Guru.

I started a log to track completion of inquiries to the "Contact Us" emails and the other tasks of the position. Thank you all for your patience.

Kathi D will show me how to project the reports for the meetings and Assemblies, hopefully today.

Most inquiries are related to meeting locations. Group Records are indispensable to this task. All correspondents are friendly and respond back with a thank you.

The articles for the Northern HiLights are a challenge to me. I'll get it by 2017.

Respectfully,

Molly

Web Coordinator
