

2019 Fall NYN Area Archives -

Feeling successful. I have taken two and 1/2 boxes of the past financial documents for Archives and consolidated them into one small file folder.

I took some photos for archives at the Spring Convention assembly and will be burning them to a disc. I continue to ask some wonderful members for help and guidance. I will continue going through some of the archives in order to keep a consistency and organization.

I believe as I get more comfortable with this position I will have much more to report on. Until next time stay tuned.

Yours in service,

Susan J
