

AWSC Spring 2021
Presentation Coordinator
Patti M

I was quite surprised to find out that there are no research resources available for this position. I contacted WSO and they were not aware of it at all. Thanks to Google it appears that I might be able to find some activities and/or skits done by other areas. Fingers crossed for me!
Because there is no WSO support I would seriously like NYN to consider removing this position from future Panels.
