Thanks to all for including the ID # and group name, enabling me to give proper credit.

My duties include asking the groups to contribute to New York North Area Assembly. Pam, the previous treasurer, and I agree that we have plenty of money at the present time. Our total in three accounts, (General, Reserve, and NYNAC) is \$38,278.59 as of February 28. WSO, on the other hand, hasn't kept up with expenses. Book sales are down, and they are the main source of their income, way beyond donations. Donations have increased, but not enough to make up the difference. Hopefully, WSO can survive without having to lay anyone off, or curtail services. New York North voted at our Fall Assembly to donate over \$7000 to WSO, which warmed my heart.

I'm looking forward to working with the new panel 61 members. In the pandemic, it's great to have things to look forward to.
