

Spring Conference AAPP Report

Amias Recertification was completed. NYN Area 39 has 50 recertified amias and 1 new registered amias.

Alateen group Recertifications are almost complete. One group CMA has trouble getting mail.

There are now 14 active alateen groups. 2 groups became inactive.

Have participated with WSO AAPP training sessions, AIM meetings, Northern Hi Lights articles and stay in touch with Mary S. Alateen Coordinator.

Questions for conference 1) if fingerprinting should be a requirement for NYN Area Amias. 2) how often should background check be done.

Mary S., on the thought force, shared information received from NYN South that they do not do fingerprinting but do a criminal background check.

Respectfully submitted,

Mary Doss
