

2021 Spring Assembly: Group Records Coordinator Report

Greetings and Happy Spring!

My last communication with the Assembly was in March 2021. As expected, I have grown into this position and have become a bit more savvy, relaxed and resourceful with my record keeping. I realized that I am not perfect, ask for help and enjoy all the wonderful people I have met, just not in person, yet!

I set a goal of first examining my own districts' records. With the help of Carrie R. Molly C. and Patti M. I was able to accomplish this. The process of accurate record keeping is to ask questions and admit I don't have all the answers, and never give up searching. I am forever grateful for everyone's help.

My next mission was to contact as many districts I could with a general e mail, encouraging them to review their records and refer for updates as needed. The response was prenominal. Many districts responded to me, not needing any changes, but provided me with information to show their procedures. I was happy to see many of our groups partaking in hybrid meetings.

There have been an increased number of inactive groups. Thankfully, however, new groups are popping up around the state. I am glad to see the evolvement of the program. I hope the attraction meets needs. In my own district, 12, a new group has started in a rural area. I pray their fellowship increases as COVID decreases!

I am also encouraging groups to review their Certificate of Insurance records. It would be nice if every group was updated in the next 3 years.

So, in closing, I think I am much more settled in this new role. I hope someday to meet everyone in person. Response to my outreach is ongoing and positive. Keep in touch everyone!

Sincerely,

Joan L.

NYN Group Records Coordinator
