

Public Outreach Report

4.15.21 AWSC/Assembly

I have picked up all the materials that were left over from the NY State Fair and I will post the items that are available in my next NHLarticle. There is a lot of materials that could be used for your various Public Outreach projects. Please feel free to contact me for ideas, materials or any other ways in which I can be of service to you.

Here is my Public Outreach Project that I hope we can all participate in. It involves us working together as Districts, groups, AIS's, or a group of Districts all combining ideas in order to create new colorful posters. I know that there are a lot of creative people in our New York North fellowship. My thought is to **design a poster or some form of literature so that we can have a contest amongst all of NY North which can be made into a poster or other way to attract attention of people as they pass by a bulletin board.** The ideas would be submitted to me to post at Assemblies for a vote by all the attending members. The top 3 posters will then be submitted to WSO (World Service Office) for their approval. Be creative in your design with lots of colors or compelling pictures. Some members write poetry, some draw, and some just like to be creative. Maybe a before and after comic strip of what it is like in the alcoholic home or to be married to an alcoholic or to have your child be the one who is the one who drinks too much or how you and your children feel because someone in authority in their lives drinks too much. Let's think outside the box. I leave it to you all and your creative abilities. Think back to what brought you into Al-Anon, maybe it will spark a new idea to draw others in.

Thank you for listening

Your Public Outreach Coordinator

Lynn Scurlock
