

Alternative Delegate Report

Spring Assembly

May 15, 2021

My goal over the next three years is to increase NYN's number of Forum subscriptions. Currently, Forum subscription numbers are broken down by state. Since the start of the year, group subscriptions for NYS have declined by 13 and individual subscriptions declined by 2. Bring The Forum subscriptions for the state to 61 (group) and 637 (individual).

I have initiated a monthly Forum individual challenge which appears in my Northern HiLight article. To date, there have been two winners - Carla K and Mary S. During the Spring Assembly, your group has the opportunity to receive a free subscription by completing a short google form. The winner will be randomly selected by using a random number generator.

I have welcomed two new groups to New York North - Healthier Days Ahead Adult Children AFG (District 1) and Among the Flowers AFG (District 12). A free copy of The Forum is included with each welcome letter. New groups are provided information on the upcoming Area Assembly, how to download the AI-Anon/Alateen Service Manual, District contact information, encouragement to attend District meetings, and suggestions on how to utilize The Forum in group meetings.

Finally, WSO recently approved CAL quotations that can be used by AI-Anon Service Arms (Areas, Districts, Groups, AISs) for calendar projects. This information is on the NYN website's Spring 2021 Assembly Officer/Coordinator Report page.

Respectfully submitted,
Kathi D
