

Syracuse AIS Report
AWSC March 19, 2022

Our Syracuse AIS Officers and Coordinators, and Volunteers have been working diligently to maintain our Office and provide services to our local AI-Anon Family Groups, and following Step12 answering the calls and emails from inquiries about AI-Anon.

Three days a week our Phone volunteers answer the phone remotely. The office is usually open on Friday for Literature sales. We also take appointments for Literature sales. This method has been successful for us.

We have met our goal of having a new website up and running by the first of the year! **syracuseais.org** A few bugs and tweaks have been necessary but all in all we have worked together very successfully. Hats off to our Website Coordinator Tom H.

The Chair sent a letter to all our Districts, which are 3, 15, 18, 21, and 28. She listed our accomplishments starting with when the pandemic hit in March 2019. The office might have been closed but all services were available. Lots of work was done to keep our on-line meeting schedule up-to-date. Phones and emails were answered. We purchased a Zoom account so that our meetings could be held electronically.

That's the good news, the sad news is that our 7th Tradition donations have been sorely lacking. Without going into the many reasons for fewerR donations one thing is very clear, without the financial support of our local AI-Anon meetings it is quite possible that the Syracuse AIS office could and might run out of money to remain open.

At our last meeting this past week our Archives Coordinator, Jim M, shared that this year is the 40th anniversary of the establishment of AIS as a Service arm. Syracuse established our AIS office in the same year.

Respectfully submitted,
Carla K
Syracuse AIS Chair
