

Winter ASWC Meeting

March 18, 2023

**Report: Task Force for updating NYN Area Expense Guidelines for Equipment Purchases**

This task force was formed after the Winter AWSC Meeting held in March 2022. The members met and after careful consideration decided that the issue had been resolved at the Fall Assembly held September 2022 when the Assembly voted in favor of delegating the decision for purchasing equipment to the collective decision of the Officers and Coordinators at their monthly meeting, up to the limit of the approved budget amount for (new) equipment (\$1,500).

The task has been completed.
