

AWSC Report  
March 38,2009

Dear NYN Family

I have been very busy practicing on my computer in my home. It is somewhat like the computer I have been learning on at my sister's for the last several years. What I learned there has made it a little bit easier for me. I want to take this time to thank all of you who have been so patient with me trying to learn this. On March 28<sup>th</sup> I completed my first conference call successfully. It was very interesting and informative. The Conference confirmed a lot of what we are all ready doing in NYN and other ideas as well. We now have 600 Spanish speaking meetings in the US. One neat idea that was brought up was how to encourage Public Outreach. If members or groups are a little apprehensive about doing Public Outreach suggest getting a Public Outreach service sponsor. If a member has never done Public Outreach suggest that they leave only one piece of literature to start with.

Now for news from the WSO.

TV & Radio PSA's

Every month on my E-Communities is posted the PSA's that have been aired, the station and time it was aired. If you contact me I can let you know what station to send thank-you's to and the ones that need encouragement to air the PSA's. The stations that are not on the list might like a copy to air if a group or individual would to purchase one for \$30.00 for TV and \$ 8.00 for radio.

Newspaper Release

I have made a copy of a newspaper release for our area to place in our local newspaper informing people what AL-ANON/ALATEEN is all about. I put a copy in each officer, coordinators, and DR's mail box. Please see that your groups get a copy and ask them to follow the instructions and place the information in their local Newspaper.

In my Northern Highlight 's article I talked about the TV show "Supernanny" air on ABC on Friday night's. If you have a computer you can view the Show. I made a copy about all the information about how the show was developed with the cooperation of ABC with the WSO. The details also include information on how to view the show. I placed copies of this information also in the officers, coordinators, and DR 's mailbox.

Keep up the good work of getting the message out to those who are still suffering.

Love and hugs in Service  
Sherry S.
