

## **Newsletter Editor Report – Aug 2022 NYN AWSC**

I'm a brand new editor with just one edition completed.

- I made a few changes in the format. What are your reactions to them?

I'm interested in making the newsletter more readable, concise, and shorter. I would like your feedback on these proposed guidelines:

- For the reader to be able to find “actionable” information quickly.
- To make the information as readable and interesting as possible.
- To focus the information on issues of real and practical concern to our audience.

If folks agree with, or would tolerate, these goals, I have some ideas about how to go about it.

Dave N.
