

Web Coordinator Report

Aug 2022 NYN AWSC

I have been busy trying to make the website easier to navigate without doing a major overhaul. I have added some links to move you quickly to where you might want to be. I encourage feedback and questions so that I can help anyone who comes to the website find the information they are looking for.

The events calendar is now a google calendar and much easier to upload events. Please check it every now and again to see what is going on. Also please send events for the calendar!

I am getting better at uploading reports for the AWSC's and Assemblies. There sure is a lot to learn. Thank you for your patience and understanding!

Yours in service,

Ellen V
