Currently there are 4 cases that I am attempting to resolve.
When I am unsuccessful at remedying the questions from WSO, sometimes we just have to let the process of becoming dissolved, occur. WSO presents a timeline to follow. With my

ongoing attempts, I notify WSO of every single communication I have with ANYONE involved with a group. Sometimes this takes weeks or even months to resolve, or not at all. Most resourceful and valuable is contacting a parish secretary or pastor and asking many questions. I say in all my reports, communication amongst us all is vital.

It has been a pleasure to serve as Group Records Coordinator for New York North for 3 years. I have met wonderful, devoted people who have been in service since they began in Al-Anon. I have been invited to summer homes in Florida, to gamble in Salamanca to sight see in all the towns across the state, and to connect if I am venturing out in NYS. I have received ongoing support from our Delegate, Kathi, our Chairperson Carol, Web Coordinator, Ellen V. all the DR's GR'S and CMA's. Kudos too, to the devotion of all our officers and coordinators.

It is time to pass this service to another. I wish this person luck. And remember, there will always be unfinished business, but you are just one wheel on the train, do the best you can!

Respectfully and sincerely,
Joan L.
