Report:

I have been slowly reviewing the boxes of information I was given. Being honest, I have not been able to commit the time I would like to due to 3 recent family deaths that have set me back a bit.

There's a lot of good stuff here and I am anxious to get into the district information, which has not been scanned yet, and contact the districts to see if they want it back of if we should keep it.

I have not received any questions from anyone looking for information, so for me, that has been a good thing.

I expect my next report will offer more information.

Yours In Al-Anon Service,
Janet G.
