

Since the beginning of the year, I have been in touch with our Delegate to help plan the agenda for the AWSC . I have sent reminders to all members of the AWSC about this meeting. I have reformatted the Agenda worksheets and printed necessary handouts for the mailbox. I have been in contact with our Homepage Coordinator frequently and have touched base with some of the DRs to answer questions about planning assemblies, providing information for them. I have written articles for the Northern HiLights each month. I look forward to the next three years as your chairperson and will try to keep in touch with many of you between meetings.

Together we can make it,

Connie D.
